

# INTENSIVE CARE UNIT

VersaSuite's fully integrated ICU module provides access to key information across departments at a glance, with unparalleled power, flexibility, and ease of use, and security that exceeds HIPAA requirements.

## KEY INFORMATION AT-A-GLANCE

- See real-time vitals, medication and allergy lists, orders, results, fluid balance, and event log in one comprehensive view.
- One-click access to vitals graphing

## SEAMLESSLY INTEGRATED WITH ENTIRE EHR & HIS

- Data entered in ICU is immediately available to all medical disciplines
- Information already on file pulls automatically into ICU
- Launch CPOE with one click
- Drug-drug, drug-allergy, and drug formulary checking

## STREAMLINE & AUTOMATE

- Graph historical APACHE II scores over time
- Automatically feed information from devices to the patient's record
- Produce structured and formatted summaries of the entire ICU stay
- Clinical Decision Support (CDS) Engine is completely configurable & programmable

ONC Certified HIT  
2014 EDITION  
COMPLETE EHR

VersaSuite Complete EHR v8.2 is 2014 Edition compliant and has been certified by ICSA Labs, an ONC-ACB in accordance with the applicable certification criteria adopted by the Secretary of Health and Human Services. This certification does not represent an endorsement by the U.S. Department of Health and Human Services.
