

# INVENTORY MANAGEMENT & SALES

VersaSuite's fully-integrated Inventory Management System simplifies and automates inventory tracking, sales, and reporting, with real-time updates and multi-site support.

## INTEGRATED POINT OF SALE SYSTEM

- Take payments, print customizable receipts & labels
- Set prices across different items using simple formulas

## PHARMACEUTICAL, SURGICAL, & OPTICAL

- Pharmaceutical inventory linked to CPOS & EMAR
- Includes vision coding

## STREAMLINE & AUTOMATE

- Bar code scanning & label printing; interface with scanners from a range of manufacturers
- Generate reports on inventory levels, incoming orders, costs, & sales, and reconcile inventory to prevent theft

## ENTERPRISE STRENGTH

- No inventory limits - store millions of items and materials
- Multi-site support with real-time inventory tracking
- Seamless integration with other modules, decrementing inventory as it's used and generating alerts and purchase orders at specific levels
