

# GENERAL PRACTICE EHR

VersaSuite's flexible, scalable General Practice EHR is designed to accommodate the wide variety of medical issues addressed by general practitioners and is ideally suited to efficiently deliver optimal patient care.

## CUSTOM TEMPLATE AND WORKFLOW DESIGN

- Our software is designed, customized, and configured to conform to your specific workflows
- Ability to create and configure as many templates as you need for unique use cases

## INTUITIVE & EASY TO USE

- Clean and legible design, touch screen entry, and drag & drop or free-draw
- Easily digitize forms you currently use, and change layouts, fonts, colors, and data to fit your preferences
- Automatically associate ICD codes with findings per region
- Works with hundreds of diagnostic devices and is DICOM, HL7, and IHE compliant

## SUPPORTS ALL MEDICAL DISCIPLINES

- Custom exam templates for numerous medical disciplines, including behavioral health, cardiology, ENT, dermatology, general practice, OB/GYN, ophthalmology, pediatrics, radiology, sleep medicine, surgery, and more
- Exceeds HIPAA requirements
- The encoder inside powered by TruCode™

VersaSuite Complete EHR v8.2 is 2014 Edition compliant and has been certified by ICSA Labs, an ONC-ACB in accordance with the applicable certification criteria adopted by the Secretary of Health and Human Services. This certification does not represent an endorsement by the U.S. Department of Health and Human Services.
