

PODIATRY SPECIFIC EHR

VersaSuite's Podiatry EHR helps meet the complex needs of today's modern and efficient podiatry practice, with flexible templates supporting the wide variety of data and symptoms necessary for clear diagnosis and treatment

CUSTOM TEMPLATE AND WORKFLOW DESIGN

- Our software is designed, customized, and configured to conform to your specific workflows
- Ability to create and configure as many templates as you need for unique use cases

INTUITIVE & EASY TO USE

- Clean and legible design, touch screen entry, and drag & drop or free-draw
- Easily digitize forms you currently use, and change layouts, fonts, colors, and data to fit your preferences
- Integrated voice dictation with Dragon Medical™ and M*Modal™
- Works with hundreds of diagnostic devices and is DICOM, HL7, and IHE compliant

STREAMLINE & AUTOMATE

- Detailed drawing components to capture important exam information and mirror the charts you utilize most
- Easily access lab results, medication history, and electronic prescriptions and refills
- Robust security exceeds HIPAA requirements
- The encoder inside powered by TruCode™

VersaSuite Complete EHR v8.2 is 2014 Edition compliant and has been certified by ICSA Labs, an ONC-ACB in accordance with the applicable certification criteria adopted by the Secretary of Health and Human Services. This certification does not represent an endorsement by the U.S. Department of Health and Human Services.
